CORE VALUES

DAYORIS is led by a guiding vision that shapes every aspect of our work. We are unwavering in our pursuit of outstanding results, consistently exceeding expectations.

Our primary objective is to ensure that our clients reap the rewards of our dedication and exceptional craftsmanship, all while enjoying a fulfilling experience throughout the design journey.

As a corporation, our core mission is to foster enduring relationships with our employees, vendors, and clients. We do so with integrity and honesty, and we are committed to thriving as productive members of our community.

GREEN INITIATIVE

DAYORIS has embraced a forward-thinking approach with our green initiative, which revolves around the strategic reduction of waste, the promotion of efficiency, and an dedicated commitment to environmental sustainability.

Our primary objective is to conduct our operations with the utmost sensitivity to the environment. We achieve this by consistently offering eco-friendly LEED certified products and services whenever they are accessible.

Over time, DAYORIS has solidified its position as a trailblazer in the realm of environmentally responsible offerings, particularly in the development of low-VOC (Volatile Organic Compound) and Formaldehyde-free products.

MANUFACTURING |

At DAYORIS, we take immense pride in our position as pioneers in the realm of contemporary door design. Our dedicated team is continually engaged in conducting forward-thinking research to drive the creation of innovative door and frame designs.

In today's design landscape, the prevailing trend emphasizes clean lines and minimal visual embellishments. DAYORIS has successfully engineered systems that enable us to produce and install oversized doors, which operate as smoothly as standard-sized ones, all while discreetly concealing the essential structural components required for the safe and seamless function.

When visionary architects present us with novel and demanding concepts, DAYORIS eagerly embraces the challenge, taking charge of the design process. We harness cutting-edge drafting software to refine and manipulate the initial idea, followed by meticulous manufacturing, and ultimately, seamless on-site installation.

This well-honed process is a testament to our commitment to pushing the boundaries of contemporary design.

Reach new heights with DAYORIS frameless, floor to ceiling doors. The ultimate in minimalist design, these doors are installed without a traditional "header" and maximize the opening to achieve the greatest open space possible.

"I have always appreciated those who dare to experiment with materials and proportions"
Zaha Hadid

Euro door/ white matte lacquer, vented option

Filo muro/ grey matte lacquer, floor to ceiling application

Filo muro/ primed, painted like the wall

Filo muro/ pivot and swing door, Black stained oak

"To create something exceptional your mindset must be relentlessly focused on the smallest detail"
Giorgio Armani

Filo muro/ white matte lacquer, floor to ceiling application

Filo muro/ Black matte lacquer

Filo muro/ White matte lacquer floor to ceiling

Filo muro/ primed

Our magnetic lock is compatible with all major European brands (Vali & Vali, Olivari, Colombo, FSB...)

"Trends disappear, style is eternal"
Yves Saint Laurent

“When we build, let us think that we build forever”
John Ruskin

Filo/ Pivot Norey, design: Shaker 1

Filo muro/ white matte lacquer

The modern swing door is an example of the increased specialization in today's modern designs. We offers several different lines of swing doors.

Ombra/ Oversized Pocket door, Wood veneer

Filo muro/ Natur with vents

Enhanced by the elegance of a jamb casting a shadow along its perimeter, the DAYORIS Ombra door seamlessly bridges the gap between modern design and traditional architectural styling.

The Telaio Swing Door is the DAYORIS interpretation of a conventional door profile. With traditional styling as its model, DAYORIS has redesigned the Telaio door using square flat casings.

Filo muro/ Black matte lacquer

Invisible door with Slat walls

Slat Wall and Columns

With the use of Slat wall paneling we see the task of formulating the exact sort of environment each and every client envisions.

Designer slat and wall paneling is a powerful trend in modern contemporary design.

Our invisible doors are commonly associated with modern and contemporary design trends where the emphasis is on clean lines and hidden hardware.
